

Retail Resale Partner Program

The Tourism Kamloops Retail Resale Program provides local tourism operators with curated merchandise packages designed for simple, profitable resale. These packages feature our most popular, travel-friendly items that guests can easily take home as a reminder of their visit.

How it works:

- Choose a package that fits your business
- Receive a curated selection of best-selling Kamloops merchandise
- Sell items at suggested retail prices
- Keep the profit on every sale
- No product selection or inventory planning required – we’ve done that for you.

Reordering & Restocking

Running low on a specific item? No problem. Partners can reorder individual products at a discounted rate, so you don’t need to purchase a full package to restock. This allows you to keep your best-selling items available without overstocking.

Why Participate?

- Easy retail opportunity with no product planning
- Proven, high-demand souvenir items
- Flexible package sizes to fit your space and audience
- Additional revenue stream for your business
- Easy restocking – reorder individual items at a discounted rate anytime

Timeline

The Tourism Kamloops Retail Resale Partner program launches on April 1st. Any orders placed by April 20th will be delivered by May 15th. Payment will not be processed until items are ready for delivery.
