1) What role do you see tourism playing in Kamloops' economic growth, and how would you support the sector?

Major and as a two-term councillor already, I've been doing everything I can to support the sector.

2) How would you support events, sports tournaments, and other initiatives that attract visitors to Kamloops?

The same way we've been doing it. Let staff bring the possibilities to council and then consider the value and decide yes it no. Given the economic spinoffs all ne, it's usually a Yes.

3) What infrastructure or municipal investments do you think are most important for supporting both residents and the Kamloops visitor economy?

Let's build a convention centre and make it big enough to be attractive. And then let's encourage more hotels and motels to house people who come here for such events.

4) What role do you believe the City of Kamloops should play in supporting the attraction, expansion, and long-term sustainability of air service at YKA to strengthen tourism, events and regional economic growth?

Two term councillor so my answer is obvious ,-- keep doing what we are doing and continue to support the board dealing with the airport.

5) How would you work with Tourism Kamloops and local tourism businesses to strengthen Kamloops as a destination?

Everything cited above.

6) What do you see as the biggest opportunity for Kamloops' tourism sector over the next four years?

Building the convention centre!!!!
